

## JELLY ROLL RACE QUILT

A Quilt Top in Less Than an Hour

(Free Patterns on the Internet)

<http://missouriquiltco.com>

You may use a purchased Jelly Roll of 40 - 2.5 inch strips WOF ( for a total of 1600 inches ) or cut your own co-ordinating fabrics. If using 2 inch strips, WOF, you require 50 strips. If using 1.5 inch strips WOF, you require 70 strips.

STEP # 1: Sew all strips together end to end. There are two ways of doing this.

Blunt or Miter which ever you prefer. It takes a little more time and fabric if you choose the Mitered method

STEP # 2: Cut away a portion of the first strip....it does not need to be measured.

This ensures a randomized placement of the seam lines.

STEP #3: Fold the long strip in half, end to end, right sides facing, and sew a seam along the right edge all the way down. When you get to the fold, stop, cut the fold, and finish the seam. Open the strip, good side facing out.

STEP #4: Repeat the process. Bring the bottom edge up to meet the top edge, right sides together. Sew along the right edge. Again, cut the fold at the bottom to finish the long seam. Open at the new seam line, and you now have a wider shorter bundle of strips. Repeat Step #4- 3 more times, for a total of 5 times.
